BONUS BILL PASSES HOUSE 333 TO 70, 5 TO 1

GOES TO SENATE WHERE IMMEDIATE ACTION WILL START

BELIEVED BILL WILL PASS SENATE WITHOUT MUCH ALTERATION

SENATOR HARRISON WILL ASK PERTINENT QUESTIONS TO SECURE ACTION

(By United Press.)
Washington, March 24—The soldier bonus bill centered attention to the senate after a triumphant 333 to 70 passage in the house and must have action in the upper body or democrats will try embarrassing tactics against the republicans.

Arrival of the bill in the senate will be the signal for starting action. The republicans will be asked some "pertinent" questions by Senator Harrison, of Mississippi, democrat. Harrison's questions will include:

1. Is this bill to lie here smothered until next year?
2. Does the committee honestly intend to get action or will there be only camouflage?

Harrison's questions were to compel action at this session or give the democratic campaign material on which to accuse republicans of the delay and insincerity.

The bill has now become a rather nonpartisan measure. Chairman McCumber, of the finance committee, believes the senate will pass the bill without radical alteration.

'SOVIET MINORITY' TRYING TO CONTROL THE N. P. LEAGUE

A. A. LEIDERBACH OCCUPIES THE TIME OF CONVENTION READING EXECUTIVE COM. MINUTES

(By United Press.)
Fargo, N. D., March 24—Charges that a "soviet minority" has been trying to obtain control of the Nonpartisan League in North Dakota, were made by A. A. Leiderbach today.

Leiderbach occupied the whole morning session of the state convention in reading the minutes of the executive committee during the last year. He had not completed the minutes at noon recess and was expected to occupy most of the afternoon with the reading and explanation of his charges. Leiderbach's reading was interrupted with frequent questionings from the floor.

In answer to a question Leiderbach named George Patton, Jr., and William Lemke, vicepresident of the national body with being a part of the "soviet minority."

Leiderbach refused to name members of the executive committee who he charged "are being influenced by the minority." He said the reading of the minutes would point them out.

Leiderbach charged that part of the campaign of the "soviet minority" was to obtain control of the Courier News, the official paper of the league in this state. George Patton, Jr., he said, tried to influence the committee into making him a power in the Courier News office.

NORTH DAKOTA TOWN HAS ALL WOMAN GOV'T.

(By United Press.)
Des Lacs, N. D., March 24—Woman's hands will rock this little western North Dakota town after tonight.

For the first time in history they will have complete control of the machinery of the village.

They will qualify for office at a meeting of the council tonight.

There has been much joking over the election, said Mrs. H. L. Halvorson, elected chairman of the board, but we intend to show the world that women can conduct the business of a hustling village as well as men.

Des Lacs came into prominence when oil was discovered here. A well is being drilled now.

Terrible Cloudburst in Kansas Kills Four People

SEARCH MADE FOR NEGRO BRUTALLY ASSAULTS GIRL

(By United Press.)
Washington, March 24—Scores of men with bloodhounds were searching the region around Jackson Station, Va., a few miles from the capitol today for the Negro assailant of 25-year-old Agnes Hawkins, government employee. There was open talk of lynching.

The girl was brutally attacked and chained in a barn behind her home. Becoming conscious after several hours, she dragged herself to a neighbor's home where a doctor said her condition was serious.

THE UNITED GRAIN GROWERS, INC., IS SPLIT WIDE OPEN

1ST ANNUAL CONVENTION BROKE UP IN FIGHT—DIRECTORS REFUSE TO SERVE

OWES NEARLY \$300,000—FACES \$100,000 ADDITIONAL DEBTS

(By United Press.)
Chicago, March 24—The United Grain Growers, Inc., largest farmer organization in the world, was split wide open today.

The first annual convention of the organization broke up in fight with the resignation of three Illinois directors and announcement of the refusal of the North Dakota director to serve.

Several of the directors chosen, the anti-administration forces claimed, were not members of the organization, including Hans Gorgenson, of Niagara, N. D.

H. C. Law, of Tracy, Minn., was one of the directors elected.

William G. Eckhardt, of DeKalb, Ill., former treasurer, was defeated for reelection, 22,844 to 18,941.

Protest was made by anti-administration delegates, especially those from Illinois, against alleged steam roller methods of the convention.

Fears were expressed by leaders of the movement for the future of the organization. It owes nearly \$300,000, of which \$117,000 is due the Illinois Agricultural Association, and there is a deficit of \$60,000. The association now faces about \$100,000 additional debts.

The United Grain Growers has one hundred million bushels of grain under contract and has 54,000 members. Delegates are casting block votes for the membership they represent.

After a three day fight in the convention over the election of directors, the administration forces, headed by C. H. Gustafson, were successful in electing 15 of the 21 members of the board.

Robert A. Coles, Robert Peterson and R. N. Clark, Illinois directors, resigned after the meeting adjourned in a tumult.

J. N. Howard, president of the American Farm Bureau Federation, a director-at-large, was defeated for reelection by a large majority. He was opposed by the Gustafson forces.

RICKARD WILL ATTEMPT TO PROVE ALIBI

(By United Press.)
New York, March 24—George L. Rickard, sports promoter, accused of mistreating Sarah Schoenfeld, fifteen year old girl, will attempt to prove an alibi.

The defense opens today in Rickard's trial before Justice Wasservogel. Max Steuer, defense counsel, intends to prove Rickard was not at Madison Square Garden on the day he is alleged to have mistreated Sarah in his office. A denial of the charges against Rickard was made by Steuer in his opening statement to the jury.

On November 12th, the day of the alleged assault, Rickard was at the Polo grounds watching a football game, according to Steuer.

N. W. RAILROADS WILL SPEND 26 MILLIONS IN 1922

IN IMPROVEMENTS AND BETTERMENTS, GIVING JOBS TO 6,000 MEN

Minneapolis, March 24—Railroads centering in Minneapolis will spend more than \$26,000,000 in the northwest in 1922, improvement programs announced by railroad officials today showed. Between 6,000 and 8,000 men will be employed on this new and rehabilitation construction. The expenditure involved will be greater than in any year since the prewar period.

The Great Northern's program already is under way, while the other railroads will start work within the next few weeks, as soon as the frost is out of the ground.

Figures from the various railroads, some of them estimates, are:

Great Northern	\$17,000,000
Northern Pacific	5,000,000
Minneapolis & St. Louis	1,200,000
Milwaukee	1,000,000
Chicago Great Western	1,000,000
Soo Line	250,000
Rock Island	200,000
Omaha	200,000
Luce Line	150,000
Burlington	200,000
Total	\$26,000,000

Contract was let today for construction of engine terminal facilities and grade separation work in northeast Minneapolis by the Great Northern railroad costing \$800,000. Work will be started by A. Guthrie & Co. within a few days.

The Great Northern, one of the few roads to decide on all the work it will do in 1922, has by far the largest budget for improvement, \$17,000,000. This figure, C. O. Jenks, vicepresident in charge of operations, said he believed exceeds any since 1915.

"It is in line with our belief that good times are returning and that we can use our purchasing power to help restore good times," he said.

N. P. Program Undecided
The Northern Pacific has not decided on all its work for 1922. Several improvement projects are still before the executive officers for decision. But the work decided on amounts to \$5,000,000.

The Milwaukee, in the northern district between the Mississippi and the Missouri rivers, will spend approximately \$1,000,000. The Milwaukee improvements will be for new rail, new ties and ballast.

Similar improvements for an equal amount of money will be spent by the Chicago, Great Western, a large part of it out of Minneapolis. The Soo has not completed its plans for the year but has decided on 50 miles of new track and upkeep to involve expenditure of \$250,000.

The Rock Island will relay 45 miles of track between Albert Lea at a cost of \$200,000.

M. & St. Louis to Spend \$1,200,000
Rehabilitation work planned by the Minneapolis & St. Louis railroad is 25 per cent greater than in 1921. E. E. Nash, vice president and general manager, said. The company proposes to spend \$1,200,000 in this replacement construction, he said, principally for ties and rails. Twenty-five per cent more men will be employed by this railroad than in 1921.

The Luce line recently announced that it had contracted for the purchase of \$150,000 in equipment.

The Northern Pacific will spend a large percentage of its \$5,000,000 budget in Minneapolis. It will begin a three year program of grade separation in Northeast Minneapolis to cost ultimately \$1,500,000. Grades will be separated along its tracks from Johnson street to Lowry avenue. Bridges will be built at Johnson, Central, Monroe, Washington, Eighteenth and Lowry avenues, Johnson, Monroe and Washington streets, and Central, Eighteenth and Lowry avenues.

The road has purchased new right of way for new tracks to be begun along the north side of the University of Minnesota to take the place of the tracks across the campus, and the road

announced today that a new bridge from a point near the gas works to a point near the university powerhouse will be started soon. It will cost \$600,000. The purchase of the new right of way has cost a large amount of money and the relocating of the tracks will add greatly to the bill.

\$200,000 Depot for Glendive
Projects for a new depot at Glendive, Mont., to cost \$200,000 and a new bridge over the Yellowstone river at Billings to cost \$265,000 are up for consideration by Northern Pacific executives and are not included in the \$5,000,000 work budget.

The Northern Pacific officials estimate that 2,000 men will have to be hired to perform its improvement campaign in 1922.

The improvement planned by the Chicago Great Western in track work is the greatest in some years. L. H. Caswell, agent in Minneapolis, said. Several work trains will be started from Minneapolis along Great Western lines in April.

MINNEAPOLIS GROCER SHOT BY LONE BANDIT

(By United Press.)
Minneapolis, March 24—Edward Helms, grocer, was shot and killed by a youthful bandit last night without having the chance to raise his hands in compliance with the gunman.

Leslie Helms, 13-year-old son, rushed into the store just as the bandit fired. He grabbed a shot gun and fired both barrels at the fleeing gunman, who escaped with an accomplice.

SENATE IS VOTING ON FOUR POWER PACT, TO WIN VOTE SHOWS

ON FIRST VOTE THE ROBINSON AMENDMENT WAS REJECTED 32 TO 61

SEPARATE VOTE BEING TAKEN ON EACH ARTICLE AND RESERVATION

(By United Press.)
Washington, March 24—Clearing the way for ratification of the four-power Pacific treaty administration forces in the senate today swept down to defeat proposed amendments and reservations.

On the first vote the Robinson amendment binding the four signatory powers to refrain from entering into secret treaties, agreements or understandings with each other during the life of the present treaty, was rejected 32 to 61.

The next vote was on agreeing to Article one of the treaty. It was overwhelmingly adopted by a vote of 74 to 15.

Robinson's second reservation stating that the United States understands all the powers will respect the rights and territory of each other and that if any outside nations interests are involved in controversy, that nation will be invited into a conference, was defeated. He had offered it as an amendment to Article 2. The vote was 33 to 59.

This proposal was the one upon which treaty opponents concentrated their efforts and the vote upon it was expected to show the high water mark of their strength. This would indicate enough votes were written to reject the treaty without this reservation.

Senator Hitchcock, of Nebraska, moved to insert the word "unprovoked" in the treaty so that powers could confer only concerning "unprovoked aggression." This was rejected 29 to 63.

The senate defeated Schelds' amendment 13 to 74. It stated the United States becomes a party to the treaty for the sole purpose of keeping peace and adjusting differences among other nations.

Article 4 of the treaty providing for the scrapping of the Anglo-Japanese alliance upon completion of the ratification of the document was adopted 73 to 8.

PRESIDENT AND CABINET DISCUSS WAYS TO AVERT STRIKE

ATTORNEY GENERAL AND SECRETARY OF LABOR EXPECT TO OFFER PLAN

(By United Press.)
Washington, March 24—Ways of averting the coal mine tieup on April 1 was the principal topic of discussion at the meeting today of President Harding and his cabinet, it was indicated.

Attorney General Daugherty and Secretary of Labor Davis were expected to present suggestions for action by the executive. Action by the president probably would take the course of inviting the operators and mining representatives to a conference in Washington. Harding feels that a strike at this time would seriously interfere with revival of business and is known to be anxious for settlement of the controversy.

Miners Willing to Compromise
Indianapolis, March 23—The six-hour day and five-day week demand of 500,000 coal miners ordered to strike on April 1, will be dropped as their first peace overture if bituminous operators consent to an interstate wage conference, according to the belief expressed today at the United Mine Workers' headquarters here.

Deadline in Situation.
Washington, March 23—The coal strike situation developed into a triangular deadlock today with all hands—the government, the miners and the operators—hopelessly tied.

There is no open road to the government through which a settlement of differences could be arranged, officials unanimously admitted.

Danger of Split Averted
Cleveland, March 24—Danger of a split in the ranks of the United Mine Workers of America was averted today.

Frank Farrington, president of the Illinois miners, who has been holding out for separate state wage negotiations with operators, threatening an internal break in the union, told members of the miners policy committee here today the Illinois miners would strike with other bituminous workers April 1.

A POOR NIGHT FOR YEGGS IN ST. PAUL; POLICE BEST THEM

(By United Press.)
St. Paul, March 24—Last night was a poor night for thieves in St. Paul. Patrolmen surprised yeggs at work in two places and in both instances the thieves were routed.

Patrolman William Meyer found a colored burglar in a clothing store owned by Louis Weitzman. Meyer fired but the burglar leaped through a plate glass window and fled up the alley firing as he ran.

Two men were surprised trying to rob the safe of a Standard Oil filling station by Patrolman Williams. They fled in an auto leaving their tools behind.

Cracksmen entered the office of Nichols, Dean & Gregg, wholesale hardware dealers, and knocked the combination from the safe. They failed to open it.

The Standard Oil filling station at Marshall and Snelling avenues was entered and the dial knocked from the safe. It was not opened.

Music Contests Held
Oakes, N. D., March 24—The second of the district high school music contests is being held today in Jamestown, Wahpeton and Grand Forks. The first of the series was held last Friday at Maryville, Valley City and Ellendale. Next week there will be contests at Minot and Bottineau. Another series will be held in Dickinson. In all fifty schools participate. District victors will compete at the University in May.

Nora Oftunggaard, of Fargo, received first place in the piano contests last year.

SEARCH CONTINUES FOR MISSING PLANE AND 5 PASSENGERS

(By United Press.)
Miami, March 24—Preparations were made here early today to extend the search for the missing "Miss Miami" flying boat which disappeared between here and Bimini with five persons aboard.

The search of the water between here and the island by a fleet of airplanes and speed boats failed to reveal any trace of the missing plane.

ARMED GANG IN MURDER RAID OF BELFAST HOME

INTRUDERS THROW BOMBS, SEVERAL INJURED; DEATH PENALTY IS URGED

Belfast, March 24—Owen MacMahon a saloonkeeper, and three of his sons were murdered early this (Friday) morning when an armed gang forced an entrance into his residence.

Another son and MacMahon's bartender were badly wounded by the intruders. A bomb was thrown in front of a residence on Syringa street last night. Hubert Johnson and his sister, Susan, were injured and had to be taken to a hospital.

A special constables who was wounded in the May street shooting died. Margaret Weaver, age 50, recently wounded by a bomb, died.

The house of commons of the Ulster parliament yesterday added a new clause to the restoration of order bill authorizing the imposition of the death penalty for bomb throwing.

The attorney general supporting the amendment, said he was prepared if these special powers proved inadequate, to advise the government to extend the death penalty to other offenses such as bearing firearms without a permit.

Massachusetts Manufacturers Endorse the Great Lakes Waterway

(By United Press.)
Washington, March 24—Added support was given the proposed Great Lakes-St. Lawrence waterway today when endorsement of this project was announced by the executive committee of the associated members of Massachusetts.

Approval by Massachusetts manufacturers will likely result in other New England industries falling into line and also a more favorable reception from Representative Winslow, of Massachusetts, chairman of the house committee, having the measure in charge.

N. P. Road Declares 1 1/4 Per Cent Dividend

New York, March 24—Directors of the Northern Pacific Railroad company declared a quarterly dividend of 1 1/4 per cent on the common stock. This represents a reduction from 7 to 5 per cent annually.

Howard Elliott, chairman of the board, made the following statement:

"In declaring a dividend of 1 1/4 per cent, payable May 1 to stockholders of record April 22, the directors feel that they are best serving the interests of the stockholders and they are hopeful that conditions will warrant resumption of the rate of 1 1/4 per cent quarterly in the future."

SENATE WILL RATIFY TREATY

Washington, March 24—The senate will ratify the four-power Pacific treaty today unless there is a sudden and wholly unexpected shift.

The lineup shows 65 votes for ratification at the lowest estimate and 28 against. Three senators probably will not vote. Of the 65 voting for the treaty, 11 will be democrats and 54 republicans. Of the 28 against, 24 will be democrats and four republicans.

PROPERTY DAMAGE IS MILLION DOLLARS IN BURLINGTON, KA.

WALL OF WATER 10 FEET DEEP SWEEPS THROUGH STREETS OF CITY

CARRY AWAY MORE THAN 25 DWELLING PLACES, SCORE OF BUSINESS HOUSES

(By United Press.)
Burlington, March 24—One girl known dead, four persons missing and property damage which will total as high as \$2,000,000 as the result of the cloudburst that flooded the principal section of Burlington last night, was estimated today.

Burlington, Kansas, March 24—Four persons are dead and one million dollars property damage was the toll estimated early today from a cloudburst that in the night sent a five foot wall of water that increased to a depth of ten feet, taking buildings along the business streets of Burlington. It literally fell in sheets and totalled more than ten inches by early today.

The wall of water came into town from Rock Creek, a so-called "dry" creek. It swept away twenty-five or more dwelling places and carried wreckage, automobiles and livestock on its way as it smashed into the main part of town. A score of business houses were wrecked. Merchandise stores were smashed out, the streets fell into basements and walls of several buildings caved in.

The light plant was put out by the rush of water and drenched survivors huddled into buildings all night.

Hazel Buhl and Margaret McCallian, telephone operators, were the heroines of the disaster. As the water caved in buildings, they stuck to their posts and warned those in the path of the flood of the danger.

The dead include Miss Olethea Sailing, 18, whose body was found floating down Main street. Bodies of Mrs. Henry Ransdell and Mr. and Mrs. Harry McGee who were reported drowned, had not been found early today.

NORTHWEST NEWS

(By United Press.)
Child Health Day
St. Paul, March 24—"Child Health Day" is being observed by parents in St. Paul today. The first annual convention of mothers and fathers opens at the St. Paul Auditorium tonight. Health topics relating to the growing child will be discussed.

Farmers Conferences Held
Bismarck, N. D., March 24—Four sectional conferences will be held to further tabulate and organize farmer projects during the coming year. The first of these will be held here today. At the annual convention of the farm agents in Fargo last winter, various reports were made as to particular lines of work beneficial to each district. Further information was obtained during "Farm Diversion" week March 6 to 11. County agents will report at the conference in their section and when all are completed the state's work will be systematized and rendered more efficient through organization.

County Agent John Haw is leader in the work.

The next meeting is in Fargo next Tuesday; Grand Forks, Wednesday; and Minot March 31 and April 1.

Basketball Champ Contest
Fargo, N. D., March 24—The eight district basketball champions of the state will contest here today and tomorrow for the state high school title.

Teams entered are: Fargo, Valley City, Bismarck, Dickinson, Grand Forks, Egeland, Minot and Kenmare.

Valley City holds the 1921 championship and is a strong contender for the 1922 honors.

THE WEATHER

Forecast for next 24 hours:
Minnesota—Rain or snow to-
night and Saturday. Not much
change in temperature.

Cooperative observers record:
Mch. 23—Maximum 32, min-
imum 18 above. Reading in
evening 27. Northeast wind.
Cloudy.

Mch. 24—Minimum during
the night, 27. At noon 38.
Southeast wind. Cloudy. Drop
in temperature in afternoon.

A joint indictment charging Gover-
nor J. B. A. Robertson of Oklahoma
and Fred G. Dennis, former state bank-
ing commissioner of that state, with
accepting a bribe to permit the Guar-
anty State bank of Okmulgee to con-
tinue business after it had been found
insolvent, was returned by the district
court grand jury in Okmulgee. John
H. Rebold is named as vice president
of the bank and a bribery charge is
also leveled against Rebold. Rebold
is well known in Brainerd, having pur-
chased lake property near Brainerd
on the upper end of Gull lake west of
"Grandview" and building a fine new
summer home there last year.

WHAT ADVERTISING IS

There is nothing mysterious about
advertising.

Advertising is simply placing your
wares before the buying public.

And if you have the goods that the
public want, you will be surprised
how quickly your advertising pulls.

Advertising is simply placing your
man that you can employ. Your ad in
this paper will go into the homes of
the people you want to reach. It will
work day and night for you, and keep
your name before the buying public.

CITY LIBRARY NOTES

With the advent of spring it is na-
tural that one's thoughts turn garden-
ward. Are you planning a garden for
this year? If you were not success-
ful in your endeavors last year, do
you know wherein you failed? Was it
the seed or yourself that was to
blame? Why not get the advice of
experts this year to learn how, when
and where to plant the various seeds
to make them yield most abundantly?
You can get this free of charge by
going to the library and asking for
the following books on gardening:

Bailey—Manual of Gardening.
Bailey—Principles of Gardening.
Bailey—Farm and Garden Blue Book
Corbett—Garden Farming.
French—How to Grow Vegetables.
Duggar—Fungus Disease of Plants.
Henderson—Gardening Pleasures.
Henderson—Gardening for Profit.
O'Kane—Injurious Insects.

BROWN, CRISPY CRUST

for pies must be made with the very
purest lard. Housewives who are rec-
ognized as clever bakers always in-
sist on McMillan's lard for their bak-
ing purposes. They say that no other
lard gives to their crust such a deli-
cious flakiness. We recommend it to
you for pie-making.

CHILLY WEATHER
BRINGS RHEUMATISM

Says Skin Pores Are Closed And Uric
Acid Remains In
Blood

Rheumatism is no respecter of age,
sex, color or rank. If not the most
dangerous of human afflictions it is
one of the most painful. Those sub-
ject to rheumatism should eat less
meat, dress as warmly as possible,
avoid any undue exposure and, above
all, drink lots of pure water.

Rheumatism is caused by uric acid
which is generated in the bowels and
absorbed into the blood. It is the func-
tion of the kidneys to filter this acid
from the blood and cast it out in the
urine; the pores of the skin are also
a means of freeing the blood of this
impurity. In damp and chilly, cold
weather the skin pores are closed thus
forcing the kidneys to do double work,
they become weak and sluggish and
fail to eliminate this uric acid which
keeps accumulating and circulating
through the system, eventually set-
tling in the joints and muscles caus-
ing stiffness, soreness and pain called
rheumatism.

At the first twinge of rheumatism
gets from any pharmacy about four
ounces of Jad Salts; put a tablespoon-
ful in a glass of water and drink be-
fore breakfast each morning for a
week. This is said to eliminate uric
acid by stimulating the kidneys to nor-
mal action, thus ridding the blood of
these impurities.

Jad Salts is inexpensive, harmless
and is made from the acid of grapes
and lemon juice, combined with lithia
and is used with excellent results by
thousands of folks who are subject to
rheumatism. Here you have a pleas-
ant, effervescent lithia-water drink
which overcomes uric acid and is ben-
eficial to your kidneys as well. Adv.

DELEGATES COME FOR CONVENTION

Central District Convention of Christian Endeavor Opens in Brainerd Friday Evening

BANQUET CHAMBER COMMERCE

Program Given in Detail for the Whole Period of Meeting, March 24, 25 and 26

Afternoon trains Friday brought a large number of young people to Brainerd to attend the Central district convention of the Christian Endeavor sponsored by the societies of the First Presbyterian and Peoples Congregational churches.

Here is the program in detail:

Friday Evening, March 24

6:30—Banquet for visiting delegates and friends, in the Chamber of Commerce rooms.

Address of welcome—W. E. Haydon, President Chamber of Commerce. Address of welcome—Rev. S. M. Kelly, First Presbyterian church.

Address of welcome—Miss Caniff, President C. E. Peoples church.

Address of welcome—Miss Cecil Morrison, President C. E. First Presbyterian church.

Response—Mrs. H. G. Bailey, Foley, Minn., District President.

Convention will then adjourn to the First Presbyterian church, where the remainder of the sessions will be held, and will be addressed by the State Field Secretary, Mrs. Ernest M. Ligon, on the "Coming State Convention" Northfield, June 21-25, 1922.

Saturday Morning

9 a. m.—Song service and devotion—Led by Rev. Johnson, pastor of the Staples Congregational church.

CONFERENCES

1. Graded Christian Endeavor Work—E. M. Ligon, Field Secretary.

2. Loyalty to the Church—Mrs. Dever, Duluth, Minn.

3. Personal Stewardship—Mr. Ligon.

4. Religion in the Home—Mr. Dever, Duluth, Minn.

Business session, led by Mrs. H. G. Bailey, district president.

Saturday noon—Luncheon for the delegates, served in the anteroom of the church.

Saturday afternoon 2:00 p. m.—Song service and devotion—Rev. J. T. L. Coates, St. Cloud.

Round table discussion led by Mrs. C. S. Olds, St. Cloud.

Recreation for the visiting delegates, provided by members of local societies.

Saturday evening 7:30—Song service and devotionals—Geo. Quam State president.

Ten minute pep talks by district officers.

Our District First, in Graded C. E. Work—Miss Eva Foss.

Our District First in C. E. World—Mrs. C. S. Olds.

Our District First in Minnesota Endeavor News—Miss Cecil Morrison.

Our District First in State Finances—(State Leader).

Address: "The Go-Pher-it Spirit"—Geo. Quam, Minneapolis.

Minnesota song and Mizpah benediction.

Sunday, March 26

7:30 a. m.—Sun-rise prayer meeting, led by Miss Edith Boxwell, State Intermediate Superintendent.

10:30 a. m.—Attending church and Sunday school of choice for regular worship.

3 p. m.—Song service and devotionals—Rev. S. M. Kelly.

Report of nominating committee. Demonstration.

Luncheon served to visiting delegates.

Closing of public service. District council meeting.

NUMBERS REVIEWED

Some of Beautiful Compositions to be Played at Recital at 1st Congregational Church

This review covers some of the beautiful compositions to be played at the violin and piano recital to be given at the First Congregational church this evening.

"Valse Tyrolienne" Op. 50, No. 3 by Joachim Raff is a brilliant composition in a light vein. There is a sad thought however which is introduced immediately following the introduction. The melody is dreamy—so much so that it gives one a depressive feeling of regret. It seems in a melancholy way to signify what wonders. Raff might have given to the world had he not been of such a frivolous nature.

The "Romance" and "Valse", the second duo group, are two of the three numbers which constitute the Arensky suite, written by the Russian composer of that name. The "Romance" reminds one of a beautiful pastoral view rather than any new inexpressible thought. "The Valse" however is a combination of depth of sentiment, forceful threatnings, and delicate net work of chromatic passages to form a background. It is exceedingly interesting to know that this suite was recently played by Josef and Rosena Lhevinne and by Bauer and Gabrilowitsch in Aeolian Hall, New York.

In the last number, "Rondo," Op. 73, we find Chopin in a far different mood from his usual one. The form of the composition suggests Mozart more than anyone else. This number is fully as taxing as many sonatas for it necessitates a high degree of technical skill, besides artistic interpretation.

Ahrens-Richardson

In Brainerd Friday were two newlyweds, Mr. and Mrs. Richards S. Ahrens of Minneapolis, on their way up the M. & I. where they will spend their honeymoon at some northern lake. The bride's name was Miss Anna Richardson and the ceremony took place at the home of her parents in Minneapolis Thursday noon. Both are students of the University of Minnesota, the bridegroom having about completed a medical course. His parents formerly resided in Brainerd and some time ago removed to Minneapolis.

Junior Young People

The Junior Young Peoples society of the Bethlehem Lutheran church, South Seventh street, will meet tonight, entertained by Miss Hannah Bye and Mrs. O. S. Winther. Come and be with our little folks. Everybody is welcome.

Ekelund Lutheran Church

There will be services at the Ekelund Lutheran church, South Long Lake, Sunday at 2:30 p. m. O. S. Winther.

COUNTY ATTORNEY CANDIDATES SPEAK

At Supper Given by the League of Women Voters Thursday Evening in Social Rooms of

1ST. CONGREGATIONAL CHURCH

100 Guests Seated, 20 of Whom Were Men—Tribute Paid by Writer to Both Candidates (Contributed)

The supper given by the League of Women Voters on Thursday evening in the social rooms of the First Congregational church was indeed a splendid success. The menu which was most satisfying and efficiently planned and served added greatly to the effectiveness of the program which followed. There were about 100 guests seated, 20 of whom were men and the League wishes to thank them for their interest and attention.

Mrs. W. A. Erickson led in the community singing which took place at the end of the supper. Mrs. Louis Knutsen accompanied the singing. There were many male soloists in the gathering and the singing through the pleasant manner and encouragement of the leader was very inspiring.

The assembly then withdrew to the church proper to listen to the remainder of the program.

The chairman spoke a few words in explanation of the aims and workings of the League and cordially invited all of the women voters of the city and county to join with them that their effectiveness might thereby be increased. The main business of the evening was to listen to the remarks of the two gentlemen who are running for the position of county attorney, Walter F. Wieland and D. H. Fullerton. Both are young men of sterling character and splendid ability and gave definite outlines of the duties of the office, also its limitations and gave a good general idea of what to expect and what not to expect from one holding such a position. Both explained and invited questions from the audience concerning the new liquor ordinance which has been recently under consideration.

Those in charge consider it a most profitable evening and many of the audience so expressed themselves. It was indeed gratifying to know that

QUALITY CLEANLINESS

Brainerd had produced two such fine young men, friendly and fair toward each other running—not against each other but for the position.

The chairman announced the serious illness of Supt. W. C. Cobb which caused the absence of the League President Mrs. W. C. Cobb, who was to have spoken upon the definite things to be taken up the ensuing year as outlined by the state meeting which she had recently attended. This report will be given later.

All of those assisting in any way whatever in making the meeting such a success will kindly accept the thanks of the League for their cooperation.

Study Class

The Study class meets Saturday, March 25 at 3 o'clock in the Chamber of Commerce rooms, and all members of the Musical club are urged to be present.

The following program will be given: "June" by A. McFadyen; "House O' Dreams" by De Bueris, sung by Mrs. J. H. Kregelberg, accompanied by Miss Marie Koop.

Talk and pottery illustrated with slides and also specimens of pottery by Miss Barbara Armstrong.

We'll Back the Farmer

This bank stands squarely behind all those things which serve to ease the problems of rural life and promote the general welfare of the farmers.

We're vitally concerned about poor yields, inadequate market facilities, low prices, insufficient credits, lack of transportation and every such problem affecting the farmer.

We want each farmer in this section, whether a customer of this bank or not, to know that we accept his problem as our own and offer him our help to satisfactorily meet these conditions.

MADE IN THE CUP AT THE TABLE

There is no coffee-pot waste—if you use G. Washington's Coffee

It is estimated that more than 25% of all bean coffee made is wasted! G. Washington's Coffee is made at the table by just adding water—each cup to order, without coffee-pot or percolator. Strength to suit individual taste.

It is the most economical. For family use the larger size cans are recommended. Each can of G. Washington's Coffee is equivalent to ten times its weight in roasted bean coffee.

Measure the cost by the cup—not by the size of the can. Never varies. Always delicious. Easy. Healthful. Absolutely pure coffee. Not a substitute. Every can guaranteed to give satisfaction.

Booklet free. Send 10c for special trial size.

THE FOUR-POWER TREATY

BY AGREEMENT, the fate of the Four-Power Treaty prepared by the Armament Conference is to be decided by a vote in the United States Senate today. The ratification of the treaty seems assured at this time, the latest estimate made by the Republican leaders in the Senate being from three to five more than the two-thirds vote required for ratification, but this is dangerously close.

Upon the ratification of this treaty practically depends the carrying out of the obligations of all the treaties agreed upon by the Conference. In many respects it is considered a document more potential for the peace of the world and for the relief of humanity from the burdens which centuries of militarism have imposed upon it than any that has ever been framed by man. It is a realization of a dream of the ages and a pledge of further progress for the future.

If this treaty is ratified by the respective governments concerned, civilization may not forever be compelled to bend under the awful burden of war. What has been done by the nations represented at Washington may not banish all human strife, but their work has demonstrated that such a consummation is not beyond human achievement. There will be and there can be no turning back.

As a nation we may justly take pride in the fact that what was accomplished at Washington by the Armament Conference was initiated by our government and that it was our President who spoke the first word for the disarmament of the nations.

ECONOMY IN PALLBEARERS

ALTHOUGH President Harding has become very popular throughout the country, he is scarcely a general favorite with the residents of the city of Washington, where local business depends very largely upon an extensive public payroll. The efforts of the Harding administration to cut national expenses and save money for the tax-payer have resulted in curtailing both the number of persons in Federal employment there and the amount of purchases of supplies. Federal clerks are under more or less anxiety all the time lest a new announcement be made of a reduction in clerical forces.

This recognition of the economical policies of the Harding administration is aptly illustrated by a story, said to have been told recently by a government clerk, and published in a Washington newspaper.

As the clerk told the story, he says he fell asleep and had a dream. He dreamed that President Harding had died and he (the clerk) was one of the pallbearers. As the lid to the casket was about to be adjusted, he said, the corpse suddenly sat up and inquired, "How many pallbearers are there?" "Six," he was informed, whereupon he commanded, "Dismiss two," and lay down.

LEAGUERS TO NAME FULL TICKET

THE MINNESOTA Nonpartisan League, it is generally understood, will disregard Boss Townley's proposed "balance of power" plan at its forthcoming state convention, and nominate a full state ticket.

It was expected that the Townley plan would be the outstanding point of contention in the state conventions in North Dakota and Minnesota, but upon the return of the "Boss" from meetings of farmers in those two states, he announced that he would not urge his plan.

Mr. Townley's idea was for the League not to place its own candidates in the field, but to endorse candidates it deemed most favorable to its aims and interests, regardless of their party affiliation. He contended that the farmer-labor vote is sufficient to constitute a "balance of power" as between the Democratic and Republican parties, whereas it might not be strong enough to elect entirely independent or League candidates.

BIG SAVING TO FARMERS

It is estimated that between \$300,000 and \$400,000 annually will be saved to the farmers of Minnesota through exemption of the provisions of the income tax law applying to co-operative associations marketing farm products. The report of the action of the Treasury Department authorizing such exemption has been received at the office of N. J. Holmberg, Commissioner of Agriculture.

Co-operative associations which collect and dispose of farm products and distribute the proceeds, less necessary expenses, proportionately among patrons, are exempt from the tax, according to the ruling.

UNDER authority given the Internal Revenue Department, it is announced that hereafter hotels, business places and other properties where liquor has been sold will be closed for a year and a day. Owners of the property are responsible for the action of their tenants, and are therefore subject to said abatement proceedings, when they have reasonable ground to suspect the possibility of such law-breaking activities.

"SENATOR KELLOGG," declares the Stillwater Gazette, "is not only giving good service to his state, Minnesota, but to the whole United States. In a word, he is a big man, and that's what Minnesotans desire in Congress."

It is announced that the distribution of the \$1,500,000 provided in the seed loan act for relieving the farmers in the crop-failure area of the Northwest will begin immediately by the Department of Agriculture.

MINNESOTA Democrats, in their county conventions this week, endorsed several favorite sons for U. S. Senator, but left no definite indication of the probable action of the State Convention as to a state ticket.

Brainerd in Days Gone By

20 YEARS AGO

(From Brainerd Daily Dispatch March 24, 1902)

Cochran was advertising shaves at 10c each.

Ushers of the Brainerd opera house had their pictures taken.

Mrs. George Ames, Mrs. Julia McFadden and Mrs. Forsyth left for Minneapolis this afternoon.

Thomas L. Wilson, fourth vice president of the International Association of Machinists, spoke Saturday in the Trades & Labor hall.

A. H. Bennett offers \$10 reward to find the parties stealing Twin City papers.

Editor Cox returned from St. Cloud this afternoon.

Big advertisers in the paper were A. L. Hoffman, Westfall's, Cale & Bane, Henry I. Cohen, M. J. Reilly.

The First National bank advertised a capital of \$50,000 and surplus of \$30,000.

TO FIND EMPLOYMENT

For Unemployed Ex-Service Men Is Aim of the American Legion

The American Legion is making an attempt to find employment for unemployed ex-service men. Sidney Carl Hanson Post No. 255, at a regular meeting held on Monday evening appointed Rev. Fred Errington as chairman of the committee of the local post which will attempt to take care of the unemployed in this city. The chairman has appointed the following to work with him: O. A. Peterson, A. A. Gieriet, Clyde E. Parker and M. W. Irgens. At the meeting of the Chamber of Commerce held Wednesday evening, the committee on ex-service men's affairs recommended that the secretary's office be made the clearing house for the affairs of this committee, and the recommendation was unanimously adopted by the Chamber.

The committee will call upon all employers of labor in the near future. Employers are asked to advise O. J. Bouma, secretary of the Chamber of Commerce as to their needs and Mr. Bouma, who will have on hand a list of the unemployed together with data about the men thus listed, will advise them as to the qualifications of the men listed.

Ex-service men who are unemployed are requested to call at the office of the secretary of the Chamber of Commerce register, so that the secretary may be able to refer them to employers who need men.

If unemployed ex-service men register and employers advise Mr. Bouma of their needs, there is every reason to believe that many will be given jobs.

Employers are asked to give first consideration to unemployed ex-service men when they are taking on employees and the desire is to place married men first.

Too Much of a Good Thing

"It is six years since I had my first stomach trouble. It rapidly grew worse. My food would not digest and I was reduced to skin and bone. My doctor put me on a starvation diet, and when my pains grew worse I concluded it was too much of a good thing. On the advice of my druggist I tried Mayr's Wonderful Remedy, and am now entirely well." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and leading druggists. Adv.

RED PEPPER HEAT

STOPS BACKACHE

The heat of red peppers takes the "ouch" from a sore, lame back. It can not hurt you, and it certainly ends the torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub, and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers.

Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package. Adv.

Y. W. C. A. TO DISCUSS WOMEN'S PROBLEMS

(By United Press.) Hot Springs, Ark., March 24.—Problems of women as they effect their sex in every relation—personal, social, family, and international—will consume a large part of the program of the Young Women's Christian Association of America, at their seventh national biennial convention here April 20-27.

In addition to the regular business of the convention, there will also be a series of addresses on "Internationalism."

Mrs. Frederick Mackey Paist of Philadelphia, president, will preside. The address of welcome will be made by Mrs. M. G. Thompson, president of the Hot Springs Young Women's Christian Association, followed by greetings from the fraternal delegates.

Mrs. Robert E. Speer, of New York, president of the National Board, will give a report of the work done by the National Board for the past two years. "Facing the Present," a consideration of the place of the Young Women's Christian Association in "Modern Community Life," is the subject of the address to be given by Miss Mabel T. Cratty, the general secretary of the National Board.

A. Maude Royden, England's noted woman preacher, suffrage leader, author and scholar, is coming to America to give a series of addresses before the convention.

Charlotte Niven of London, General Secretary of the World's Committee, will introduce a resolution for world peace and a better understanding between nations on international questions and relationship. Speakers include: Miss Anne Lamb, an Anglo-Indian, from Calcutta; Countess Helene Goblet d'Alviella of Brussels, Belgium; Judge Florence E. Allen of Cleveland, Ohio; Bishop Robert E. Jones of New Orleans; and Mrs. Luke G. Johnson of Atlanta, and Professor Edward C. Lindeman of Greensboro, N. C.

American Directing Brazil Exposition

(By United Press.) Rio De Janeiro, March 24.—The dynamic personality of Colonel David C. Collier, commissioner general of the United States to the Brazilian Centenary Exposition, already has done much to insure success of American participation in the celebration.

Colonel Collier arrived recently. With characteristic American energy he started work at once. His first move was a campaign to make the exposition a real trade fair, with exhibitors from all the world and salesmen to take orders for merchandise on the spot.

The Commissioner General purchased a plot of ground near the end of the Avenida Rio Branco, on the shore of Guanabara Bay, for the site of the exposition building of the United States. The price paid was \$50,000.

Colonel Collier's experience as director of the Panama Pacific Exposition in San Diego is standing him in good stead and he already has become a virtual advisor to the commission managing preparations for the exposition. The government has arranged temporary offices for the Americans in the Monroe Palace, the parliament building.

Other members of the American commission already in Rio include: Levi

GRAND FORKS' STORY OF BANDIT

Grand Forks Herald Describes the Terrific Fight Between "Jenset" and Two Men

INQUEST NOW BEING HELD

His Suit Case Contained Clothing, Jewelry, Various Snapshots, Letters from School Teacher

Through the courtesy of Butler Brothers, former residents of Grand Forks, N. D., the Dispatch is able to give the version of the bandit story as published in the Grand Forks Herald. The Butlers are old subscribers of the North Dakota paper.

Using a seven column scare head front page, "Bandit is Shot Dead", the Grand Forks Herald under date of Thursday, March 23, gives this account, giving the bandit's name as "Jenset":

Shot dead with his own gun in an attempt to rob the grocery store of J. H. Gleason, 809 North Fifth street, the career of a young bandit believed by the police to be Ed Jenset of Brainerd, Minn., ended Wednesday night after a desperate struggle for life between the robber on one hand and Mr. Gleason and Frank Miller on the other. The bullet that killed the desperado was fired by the proprietor of the store after he had fought the gun away from him and when Jenset freed himself from the hold of Miller and dashed for the door.

Coolly walking into the store about 8:15 o'clock while Mr. Gleason and Miller, a local plasterer, living at 907 North Fifth street, were talking, the bandit smilingly covered the men with his gun and commanded them to "stick 'em up." The two men were sitting to the left hand side of the store and back of the door as it swung open, Gleason with his back to the front of the building and Miller half facing the door. Neither obeyed the command, as both thought the stranger was "kidding" them. Adding an epithet he repeated his order. Realizing that he was in earnest the proprietor looked at his companion and seeing that he made no move to put up his hands he turned to the bandit and told him he had never raised his hand for anyone yet and did not intend to start.

"All right," said the hold-up artist, "I can get what I want without it," and started to back away toward the cash register in the rear of the building.

"You will never get out of here alive with anything," Mr. Gleason told him.

"You—, have you got a gun," the thug commanded, advancing to the proprietor of the store, shoving the pistol in his neck and searching his pockets. Finding no gun he shoved Mr. Gleason off his chair onto the floor and started to back away again. Gleason sprang from the floor and under the gun-arm of the burglar, throwing it toward the ceiling, at the same time calling "Frank!"

With the attack of the proprietor and his companion the bandit fired, the bullet going into the wall near the ceiling and the three crashed to the floor in a battle for life. Neither of the men were able to give an accurate account of what took place in the fight, but Mr. Gleason said that his main effort was to pin the desperado to the floor. The first time he actually noticed the gun it was loose from the hand of the burglar, who was trying to get hold of it again. He had just closed his fingers on it when the proprietor of the store crushed them with the heel of his shoe. This freed the gun again and Mr. Gleason seized it.

Shot in Head

At this point he told Miller to hold the bandit while he called the police and the plasterer was left to battle alone. Although a husky man he was unable to cope with his opponent who freed himself and made a dash for the open door as Gleason dropped the phone and ran to help Miller. Realizing he could not catch him, Gleason fired. The bullet entered behind the left ear and death was probably instantaneous.

Chief of Police J. A. Lowe was alone at the station when the call for aid came and he said that as Mr. Gleason was excited and at the same time winded, he was unable to understand him clearly, but realizing that he was wanted quickly he said, "Give me your number," and the answer came, "907". That was all the chief needed, for he recognized the place, as he had been called there before and jumping into his car he was there in two or three minutes, but it was all over.

Dr. Mulligan and State's Attorney T. B. Elton were called and the body was taken to the Norman Undertaking parlors where it was searched for identification, but there was nothing

to give any clue as to who the bandit was and of the crowd that viewed the remains, none were able to identify him.

Dapper Desperado

The desperado was a youth about 20 years old, weighing around 150 pounds and five feet seven inches tall. He was an unusually clean cut looking man with a wealth of dark brown hair and dark eyes. His skin was very white and his hands showed that it had been a long time since he had done any hard work.

At the time he was killed he was dressed in a new suit of dark cheap material, but had on a new silk shirt and a white collar. His overcoat was a three-quarter length moleskin with a fur collar and the cap a black and gray check.

Chief of Police Lowe was able to identify him through a key that was found in his pocket. The chief recognized it as that belonged to a room in the Morrison hotel and upon dispatching Officer Anderson to the place he found that a young man of the description given had registered there during the day, giving his name as Ed Jenset, and home as Brainerd, Minnesota. A search of the room brought to light a new traveling bag that contained a new brown tweed suit of clothes and a cap to match. The cap bore the firm name of Bye & Peterson, Brainerd, Minn. There were also three other new silk shirts, a new pair of oxfords and other smaller articles of wearing apparel. Further means of identification were found in two letters addressed in the same name to Brainerd and written by a young school teacher.

Wanted in Brainerd

A call to Brainerd established the identity of a bandit and a reason of doubt when the chief of police of that city state that his people lived there and that the young man was wanted for robbing the store of Bye & Peterson some time ago.

Word from Fargo was to the effect that he was also wanted there for robbing three grocery stores. Last night he is believed to have held up a small store in the residence section of the city and secured \$28. The police had been scattered about the town covering the stores last night in an effort to catch him.

Numerous articles found in the traveling bag indicated that Jenset was plying the trade of a robber. There were two watches, a bag of cheap jewelry that might have been taken from a "punch board," three sets of ladies traveling toilet sets.

The chief took a gold watch and chain off the body together with a pocketbook containing \$21.15 in bills and silver. The watch had the initials A. L. O. on the back. In the pocketbook were a number of pictures, one of which is probably that of his mother and two sisters, it was taken on a post card that had been torn in half and the inscription of who it was from and to whom given scratched off. Another was a snapshot of a young girl sitting behind a tent on the grass and reading a magazine. One snapshot bore a resemblance of the young man himself in a uniform of the navy shaking hands with a civilian, while a girl in a white uniform of the navy stood by holding a grip. U. S. regulation navy underwear in the traveling bag of the dead man bore out the theory that he had been in the service.

Gun Repaired Here

The gun with which the shooting was done and which was carried by the bandit was a silver plated .32 calibre revolver and it was repaired Wednesday by a local gunsmith, Captain John Bliven of the police force said that he recognized the man as one who asked him Wednesday where there was a gunsmith. The captain said that he told him where there were two.

State's Attorney T. B. Elton said last night that he had notified Coroner McLain of Gilby, of the man's death and that he would be here in the morning to hold an inquest. The state's attorney made it plain that the inquest was only a matter of form to get a record of the death.

Mr. Gleason said that he is at a loss to understand why there have been so many attempts to rob his place. A year ago the store was held up and about \$100 taken while his son was in the place and only recently an attempt was made to break into it.

Mr. Miller was the only one who bore any evidence of the grim fight for life. He had an injured hand and had been hit in the face. Mr. Gleason was somewhat nervous and expressed the hope immediately after the shooting, that the burglar would not prove to be a local man.

The Brainerd Daily Dispatch \$1.00 a year by mail, \$5.00 a year by carrier.

BRAINERD ANGLE OF JENEST CASE

Sheriff Claus A. Theorin Left Thursday Night for Grand Forks, N. D. to Attend Inquest

JENEST NOTE BOOK EXAMINED

Claimed Now He Had Many Peoples' Names and Addresses Who Knew Little or Nothing of Him

Sheriff Claus A. Theorin went to Grand Forks, N. D., Thursday night to attend the inquest over the remains of Ed Jenset, as reported from Grand Forks the inquest was expected to start Thursday afternoon.

It now develops that the note book found among Jenset's effects contained the names of many Brainerd people who know little or nothing about him.

Mrs. Edith Olson made a statement today and said she had talked to Jenset but did not know him well and did not know anything of his affairs. She said she knew nothing of his going to Fargo. Her father C. E. Johnson, said Jenset had never been at their home and was a perfect stranger to them.

The first queries sent out by the Grand Forks Herald was to find somebody in Brainerd or any where else who knew anything at all about the boy in order to assist in identifying him. When the body was picked up in the Grand Forks grocery store where he had been killed, a key was all that enabled the detectives to find the hotel where he had roomed.

William Schellhorn

William Schellhorn was taken in custody Thursday and arraigned in municipal court before Judge J. H. Warner at 3 o'clock that afternoon. A continuance was taken for 10 days for cause, as stated on the court docket. The court was not able to fix bail and it was ordered the defendant be committed to the county jail to await examination April 2 at 10 a. m.

The complaint, as signed by County Attorney S. F. Alderman, alleged that "Schellhorn did" wrongfully and feloniously take, steal and carry away in the night time from that certain building located at 616 Front street in Brainerd, 7 suits of clothing, 4 pairs of shoes, 2 spring overcoats, one manicure set, 5 gold knives, 1 card of cuff buttons, 6 silk shirts, 3 suit cases and 4 leather bags, of a total value of \$406, the said property being then and there located in said building and in the possession of John Bye, the true owner thereof, with intent to deprive said owner of his property therein, and to appropriate same to his own use.

Modern Woodman of America will initiate a class of 40 new members, Friday, March 24, 1922. Important business matters to come up. All members requested to be present.

Safer Than Money When Traveling

Experienced travelers do not carry currency with them. They buy Travelers Checks which can be cashed at any bank and practically every hotel in this and foreign countries.

Travelers Checks are compact, easy to carry, handy to use. They are issued in denominations of \$10, \$20, \$50 and \$100. Your counter signature in presence of acceptor identifies you.

We will gladly supply your Travelers Checks when you need them.

CLAIMS RAILWAY TAXES CLIMBING

Taxes are demanding a larger share of the railroads' earnings than ever before, according to Geo. W. Mosier, of the Northern Pacific Railway company.

The taxes paid by the Northern Pacific, for example, have increased from \$682,800 in 1898 to \$10,108,686 in 1920 and the end is not yet.

Taxes of all sorts, city, township, county, state and federal, have climbed steadily year by year, Mr. Mosier says, and furnish one of the reasons why the Northern Pacific's net operating revenue has been reduced from \$28,017,136 in 1917 to only \$1,991,847 in 1920.

The Northern Pacific taxes tell their own eloquent story:

Year	Taxes Paid by N. P.
1898	\$ 682,800
1903	1,421,433
1908	2,717,485
1913	3,999,928
1917	6,910,728
1918	8,157,983
1919	9,000,737
1920	10,108,686

You don't have to coax big and little folks to eat Kellogg's Corn Flakes

Just as soon as you serve Kellogg's you'll note fussy and faded appetites getting mighty sharp; you'll find big bowls being handed back for "just a few more Kellogg's, mother—they're wonderful!"

And, that'll make you glad, for Kellogg's Corn Flakes are a great speed-start for the day's doings! They make for health and happy digestions! Kellogg's are never leathery or tough, but always joyously crisp!

Kellogg's—the original Corn Flakes—will be a revelation to your taste if you have been eating imitations! For your own enjoyment, do this—compare the big, sunny-brown Kellogg's Corn Flakes with other "corn flakes." Eat some of Kellogg's—then try the imitations! You'll realize then why Kellogg's Corn Flakes are the largest and fastest selling cereal in the whole world!

Do more than ask for "corn flakes." Insist upon KELLOGG'S Corn Flakes in the RED and GREEN package! My, but it's worth while!

Kellogg's CORN FLAKES

Also makers of KELLOGG'S KRUMBLES and KELLOGG'S BRAN, cooked and branched

DAILY DISPATCH WANTS Bring QUICK RESULTS

AMUSEMENTS

Constance Talmadge at Lyceum

Bubbling over with the effervescence of youth and the joy of living, Constance Talmadge keeps the audience in a quiver of laughter all through "Up the Road with Sallie," in which she is presented at the Lyceum theatre for tonight only.

The part of Sallie, an irrepressible young girl thirsting for adventure, and ready to meet all in the race for a large fortune, which goes to the one who devises the most original method of spending \$5,000 within a year, suits Constance Talmadge exactly.

Like a skillful angler of laughs she first puts her audience in a receptive frame of mind, ready to receive her merry-making, and then, as the film reels off one comedy situation after another, she offers more and more extravagant complications until she has the whole house in a gale of mirth.

The picture is made from the novel of the same name by Frances Sterrett, and in making the scenario none of the whimsical and entertaining plot has been lost, rather Constance Talmadge gives to its charming heroine life, and she canter through the story with all the grace and audacity which even the most exacting author could wish.

The 5th chapter of "With Stanley in Africa" and a Harold Lloyd comedy are on the same program.

At the Lyceum Saturday

Bernard Durning has added another palm to his name in "Seeds of Vengeance," which is being shown at the Lyceum theatre Saturday.

This youngster won nation-wide attention by his work in "When Bearcat Went Dry," and again in "The Gift Supreme." Now, as the son of a Virginia mountaineer nursing a plan to avenge the assassination of his father, he becomes established as a star. The story follows closely the lines of the story by Margaret Prescott Montague, and reflects the primitive, romantic life of the hills faithfully. There is a world of action and at least two of the best fights ever seen on the screen.

Gloria Hope and Pauline Strake are exceptionally good in their roles.

"The Furnace" at New Park

Agnes Ayres, the brilliant young actress who gave such an excellent performance in "Held by the Enemy," is again a headliner in the new William D. Taylor special production for Realart, "The Furnace," which will be shown at the New Park theatre soon. In this picture, Miss Ayres portrays the role of a popular London actress, Folly Vallance, who is married, at one of the most sumptuous weddings of the season, to Anthony Bond, a wealthy Canadian and London society lion. A barrier arises between the two, however, when the husband learns that before the wedding, the girl had lightly made the remark that if he jilted her she would sue him for breach of promise. He believes she is in earnest, grimly goes through with the gorgeous wedding ceremony, and when they are alone accuses her of marrying him without love and tells her she will be his wife in name only. Many dire complications result from such a situation and the story becomes a love tragedy, but at the finish, the girl awakens to her true self and it is revealed that she really idolizes the man she has married.

Miss Ayres' role is one which fairly throbs with genuine, life-like drama and tugs at the heartstrings of an audience as enacted by that talented screen artist.

At the Park Tonight and Saturday

"Why don't modern marriages withstand the test of time as well as those of our grandparents?"

Dorothy Phillips, star of Allen Holubar's special production for Associated First National Pictures, Inc., "Man-Woman-Marriage," was asked the question and answered it this way:

"The marriage of today is too much like a commercial contract. It means

nothing unless both contracting parties have their hearts behind it.

"In other days," the star continued, "a marriage was not considered as lightly, nor were there so many distracting outside influences to weaken the foundation of the home. Women were not immersed in the maelstrom of business. They had more time to attend to the comfort and welfare of their husbands and give personal attention to the upbringing of their children."

"Man-Woman-Marriage," in which Miss Phillips has the principal role, will be shown at the New Park theatre tonight and Saturday, analyzes the career of women from the stone-age through the medieval period and to the modern day. The star depicts the role of a woman of all ages and touch-

es graphically upon the old question of matrimonial happiness.

"Marriage," she said, "depends for its success upon the complete understanding of both people. The marriages of yesterday were infinitely more happy than most modern marriages because marriage was then the sole aim of women."

U. S. COCKTAIL MIXERS NOW IN BUENOS AIRES

(By United Press.)
Buenos Aires (By Mail).—What becomes of the cocktail mixers of yesterday, the chaps who devoted their youth to perfecting sparkling "Manhattans," "gin fizzes" and the rest of the imposing array that formerly graced the bar lists in the United

States
A tour of the bars in Buenos Aires might reveal the whereabouts of some of these famous persons, for a big percentage of the local cafes are equipped with a cocktail mixer who speaks unmistakable New Yorkese. Nor are the cafes any too modest about it. One has just flaunted a three column advertisement in an English daily, announcing that the head cocktail mixer of the steamer "Southern Cross" would favor the restaurant with his presence on such and such a night. It then proceeds to list the artist's former haunts, including three New York and Chicago hotels and the Panama Pacific exposition.

4 Men in 7 Bald at 40

—yet 95% needlessly!

Science discovers falling hair due to simple infection (Sebum). Now quickly overcomes it.

Written Guarantee to Grow Hair This New Way

This is to offer you, under absolute money-back guarantee, the new Van Ess treatment, which, under clinical tests, grew hair on 91 heads in 100.

It embodies new principles. Principles heretofore unknown to science. Now high authorities say baldness soon will be a rarity. For hair roots seldom die. And this method revives them. Test it yourself at our risk.

Hair Roots Rarely Die

Records show 4 men in 7 are bald, or partially bald, at 40. Modern science proves this to be unnecessary. Proves only 5 men in 100 need ever be bald!

Baldness is not a disease. Note this fact and mark it. It is merely a symptom of infection—of an infectious scalp oil, known as Sebum.

Remove this infected Sebum and hair will grow. Under the bald scalp, the hair roots live. This is true in 95% of all cases of falling hair or baldness.

This new method reaches the roots. It makes hair grow. But the public has often been deceived. So we guarantee it. You take no chance of loss.

New Hair or No Money

We make our guarantee without reservation—without strings. It is absolute. We guarantee to stop falling hair in two weeks. We guarantee to grow new hair. If we fail, your money back without question. Note that your own druggist signs the guarantee. Thus you assume no risk.

It is safe for us to thus guarantee the treatment. For experiments of years prove it effective on 91 heads in 100. Foremost authorities approve it. World noted dermatologists now employ it—many charge as much as \$500 for the treatment.

We offer it, in correct form for home use, at the price of an ordinary "tonic."

The Infected Sebum

95% of all hair troubles are traced to infected Sebum. It is an oil that forms at the roots of the hair. Its natural function is to supply the hair with oil.

But it clogs on the scalp. It forms a breeding place for bacteria. It clings to hair and destroys it. It lodges in hair follicles and plugs them. Then germs by the millions start to feed upon the hair. Semi-baldness soon is marked. Then comes total baldness.

You can see this Sebum on your scalp, in the form of an oily excretion. Or, when dried, as dandruff. But it does not kill the roots. Hence when you remove it, new hair grows. This is scientific fact—medical authorities will tell you so. You must remove the infected Sebum.

Now We Remove It

For years, science experimented to combat infected Sebum. Finally a 95% effective specific was found. Now we have embodied it in a home treatment. It is called Van Ess Liquid Scalp Massage.

It is applied a new way—a scientific way. (Note illustrations above.) It penetrates to the follicles of the hair. It combats the Sebum and removes it. Results are marked. They are quick. In two weeks it stops falling hair. It grows new hair with continued use.

We urge you to try this new way. We know the statements we make are amazing—almost incredible. But remember, we back them with an absolute guarantee.

Note the results yourself. Mark the healthy condition of your scalp—the freedom from dandruff. Look in your mirror—see for yourself.

Go today to any druggist's. Obtain the Van Ess treatment. With it you will get our guarantee, signed by the druggist from whom you buy it. Hence, it is fully not to try it.

Pay Nothing

Unless we grow hair. The Van Ess treatment is absolutely guaranteed. You are the sole judge. The warrant is signed by your own druggist. You assume no risk making this test.

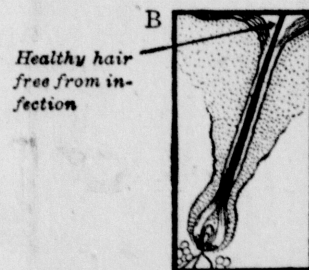

Note this New Way

—It Massages the Treatment Directly into the Follicles of the Hair

This patent applicator makes hair treatment, at home, possible for the first time. Blood alone revives. Treatment must reach the infected area under the surface. We accomplish it, as the illustration above shows, with hollow nipples of scientifically perfect rubber massage-cap which comes with every bottle of Van Ess Hair Grower. The lotion is fed directly into the follicles of the hair. At the same time the flow of blood is stimulated by massage to the hair root.

VAN ESS
Liquid Scalp Massage
Van Ess Laboratories
5007 Lake Park Ave., Chicago, Ill.

These two pictures show a cross section of the hair root or bulb and the case which encloses each hair from the root to surface of scalp (greatly magnified). Germ infected Sebum causes 95% of baldness and falling hair. Remove it and hair will grow. Illustration A shows Sebum infected hair and B healthy hair.

Fine for Lumbago

Musterole drives pain away and brings in its place delicious, soothing comfort. Just rub it in gently.

It is a clean, white ointment, made with oil of mustard. Get Musterole today at your drug store. 35c and 65c in jars and tubes; hospital size, \$3.00. BETTER THAN A MUSTARD PLASTER

CATARRH OF THE STOMACH

YOU CAN'T ENJOY LIFE with a sore, sour, bloated stomach. Food does not nourish. Instead it is a source of misery, causing pains, belching, dizziness and headaches.

The person with a bad stomach should be satisfied with nothing less than permanent, lasting relief.

It is a clean, white ointment, made with oil of mustard, aid in casting out the catarrhal poisons and strengthen every bodily function.

The large number of people who have successfully used Dr. Hartman's famous medicine, recommended for all catarrhal conditions, offer the strongest possible endorsement for
